RESUMPTION

The Second Term of the 2025/2026 academic session commenced on a positive note, as our scholars resumed on Monday, 12th January 2026 with the excitement of the New Year.

We give thanks to God for a smooth and successful completion of the term.

ADMINISTRATION

The school management has continued to ensure that all teachers remain up-to-date with modern and evolving teaching methodologies through continuous training and effective supervision. This is aimed at maintaining the high academic standards for which we are known.

Our teachers have remained dedicated, and teaching and learning conditions are continually being improved. In addition, our school facilities have been upgraded to meet

the requirements of a 21st-century learning environment.

ACADEMIC AFFAIRS

This term featured a variety of engaging activities and competitions across the three domains of education:
Cognitive domain: Quizzes and classroom-based activities
Psychomotor domain: Sporting activities
Affective domain: Public speaking and assembly presentations.

The welfare of our learners remained a top priority. Teaching and learning took place in a serene and supportive environment, with attention given to the individual needs of each learner. The outcomes have been very encouraging.

Furthermore, the school continues to promote an enriched learning environment through diverse instructional approaches. We adopt individualized learning strategies, including IPC, STEAM, EYFS and Montessori methods, to ensure that every child's academic needs are effectively met.

SCHOOL FEES PAYMENT POLICY

As we look forward to resumption for the Third Term on Monday, 4th May 2026, all parents are kindly reminded of the school's policy on prompt payment of fees. Parents are advised to make payments into the designated school accounts as stated in the school bill before resumption. Presentation of evidence

of payment will be required for resumption. The school fees bill for Third term will be sent to parents on Friday, 18th April 2026.
